Dear Parent / Carer

RE: Foundation Stage 2 Child Health and Development Review (School Entry Screening)

Now that your child has started school, their health care needs have transferred from the health visitor to the school nurse.

As a 0-19 Service we would like to take this opportunity to review your child's health and development. This is in line with the [National Healthy Child Programme](#).

We would be grateful if you would complete Foundation Stage 2 Child Health and Development Review questionnaire using the link below:

[Foundation Stage 2 Child Health and Development Review](#)

The information you provide is private and confidential and a member of the school nursing team will review the answers you provide. Following this, a member of the team may contact you to support you with any concerns you have highlighted.

Please complete the questionnaire as soon as possible.

Yours sincerely,

School Nursing Team
